

## Newsletter & Announcements

*August 2020 Edition*

---

### Greetings

Welcome to Psych360's new monthly newsletter! As our Psych360 team continues to grow, expand, and offer even more comprehensive mental healthcare services, this newsletter is designed to keep the public informed of company updates and important announcements, as well as rewarding clinical and residency, fellowship, and career opportunities.

## Excitement & Expansion Despite Challenging Times

Since our company's inception in 2015, Psych360 has remained committed to being an innovative leader and provider of psychiatric healthcare - especially to **1,000's of residents in 200+ nursing homes and long-term care facilities throughout Ohio.**

While the COVID-19 pandemic has posed serious challenges for many companies and organizations, **Psych360 has persevered and thrived during these trying times.** June and July 2020 have been among our most successful months yet. Our team has worked tirelessly, especially over the past 5-6 months, to transition many of our high-quality onsite psychiatric services solutions into equally effective telehealth solutions for Long-Term and Outpatient Care Providers.

We have now also begun to offer our premium, affordable, and personalized telepsych services **for anyone** in the community struggling with mental health issues or concerns, **including adults, children, and healthcare workers.** You can learn more here: <https://psych360.org/individuals/>

Additionally, in an effort to provide more holistic care and services to our patients, we have expanded our services to now include **counseling, therapy, and enhanced psychological care.** We are currently hiring various full-time **Licensed Independent Social Workers (LISW or LISW-S), Psychologists, and a Director of Psychology** to join our team! Learn more on the next page.

**It is truly an exciting time at Psych360!** We are very much in expansion mode and look forward to providing top-notch onsite and telepsychiatry services, counseling, and mental healthcare to more individuals and facilities in Ohio - *and beyond.* We know folks are counting on us for the high-quality care in which Psych360 provides, perhaps more now than ever before. We plan to rise to this occasion and deliver the most empathetic and compassionate care available.

- Nicole & Rocco Coniglio, Co-Founders at Psych360

## Mental Health Tip & Dose of Inspiration

**Tip:** *Practice Forgiveness.* These have been some unpredictable and difficult times for many as of late. People have gotten sick, lost jobs, lost loved ones, and are dealing with a myriad of other challenges. This can result in a great deal of stress, anger, frustration, grief, and sadness. Now is as great a time as ever to practice patience, understanding, and forgiveness. Kindness, understanding, and empathy can greatly help people cope with challenging life circumstances.

**Quote:** *"Today you could be standing next to someone who is trying their best not to fall apart so whatever you do today, do with kindness in your heart."* - Unknown

## Clinical/Residency & Fellowship Opportunities

Psych360 affords current APRN students in Psychiatric Mental Health Nurse Practitioner (PMHNP) programs the opportunity to complete Residency/Clinical hours. We also offer paid Fellowships for recent PMHNP graduates looking to fully develop their practice skills.
